

Azuga eLogs™

HOS and DVIR made easy!

FMCSA-compliant solution for electronic HOS logs and DVIR reports

It's time to get serious about the ELD mandate, and Azuga has you covered. Azuga eLogs meets or exceeds all FMCSA 395.15 regulations for Hours of Service compliance and will soon be upgraded to meet all ELD mandate requirements. It captures all required information for the driver's log and automatically calculates driver's hours remaining based on various daily and weekly limits. Comprehensive back-office reporting allows fleet personnel to make proactive decisions to avoid HOS violations and focus on resource optimization.

Maintain FMCSA 395.15 compliant e-logs.

Stay current with HOS rules.

Save time with updated duty status.

Avoid violations with alerts on hours limits.

BENEFITS FOR MANAGERS

- Visibility for control of fleet
- Eliminate log errors and ensure timely DVIRs
- Reduced administration of paper logs and reports
- Higher levels of productivity and safety

BENEFITS FOR DRIVERS

- Intuitive and easy to use
- Know drive time at a glance
- Fast roadside inspections
- Less back and forth communications with dispatch
- Proof of compliance
